

Our Touring Park guidelines

Full payment for the total length of your stay is required before setting-up camp.

No recreational vehicles or tents may be pitched without first obtaining permission.

To ensure compliance with the terms of the touring park licence, guests are asked to observe instructions, given on their arrival, regarding the placement of vehicles, awnings and camping units on their pitch.

ARRIVAL AND DEPARTURE

- Guests are welcome to arrive and pitch between 2pm and 8pm. Any arrival prior to 2pm must be agreed with us when booking. Guests arriving after 8pm are asked to park in the dedicated late arrivals parking.
- Guests are kindly asked to depart between 8am and 11am. Any departure outside of these times must be agreed with us beforehand please.

ACCESS DURING YOUR STAY

- Barriers to the touring park close at 10:30pm and re-open at 8am. Movement of vehicles on the touring park is not normally permitted between those hours. Anyone wishing to enter or leave the park when the barriers are closed may park in the spaces provided outside of the barrier. In an emergency, you may contact the duty warden for the barriers to be opened.
- Blakemere Village is out of bounds to touring park guests after the Village is closed, with the exception of a direct route to and from the restaurant during the restaurant's evening opening hours.
- For safety reasons, for example very boggy conditions, guests are not permitted to enter the heavily wooded areas immediately adjoining the touring park.

COURTESY TO OTHER GUESTS

- In consideration of everyone staying at the site, guests are asked to avoid excessive noise with radio, TVs and phones turned down at all times please. All guests are also requested to keep noise to an absolute minimum between 9:30pm and 8am.
- Abusive and/or drunken and disorderly behaviour will not be tolerated, and the management reserves the right to request guests to leave in these circumstances.
- The use of generators is restricted and may only be operated for limited periods and by prior arrangement. If you wish to use a generator on site, please advise the management when booking.
- Cycling is permitted only on the one way road system at walking pace. Anyone cycling over the grass or around the reception or amenities block will be asked to dismount.

REGULATIONS

- Smoking is not permitted in any of the site buildings. Campers are advised not to smoke in tents or awnings. Smokers are asked to dispose of cigarette butts appropriately and not litter the site.
- Please do not leave refuse outside, including by or in tents or awnings, as this can attract vermin. Please use the bins provided.

DOGS

- Dogs are allowed on site up to a maximum of 3 per pitch, but they must be kept under control and on a lead at all times. They should not foul the site but, if they do, please clean up after them and use the disposal bins provided.
- Dogs are not allowed on the ball games field and, other than guide dogs, are not permitted to enter any of the site buildings.
